She will talk about SteelStacks and the other new buildings that will be going up in the near future.

Exercise Classes

A cheerful heart is good medicine, but a crushed spirit dries up the bones."

--Proverbs 17:22

How long has it been since you've had a good laugh? I mean a really good laugh that was so hard it made your sides ache?

In the last 10 to 15 years, researchers have discovered that laughter is a natural **stress** reliever. It improves circulation and muscle tone, and it increases your heart rate and certain hormones and endorphins so that you feel better. Laughing usually leads to a brighter outlook on life and is good for the body and the soul.

Isn't it interesting that science has validated what wise King Solomon told us thousands of years ago? In Proverbs 15:13 and 15 he wrote, "*A merry heart makes a cheerful countenance . . . he that is of a merry heart hath a continual feast.*"

If laughter is that good for you, shouldn't you make it a point to do it? Spend some time with friend(s) who have a good sense of humor. Make it a habit to share funny stories with your family from time to time. It may be hard to laugh when things aren't going well, but in those very moments something light and humorous may be just what you need to pick up your spirits and help you handle your stress.

God wants us to be happy and joyful. Let's look for something to laugh about. We will feel better.

WOW! What a fabulous job everyone did to prepare for our HUD inspection!! I appreciate everyone's patience and cooperation during the preparation and construction time. The hallways and floors look wonderful!

I know we have a lot going on and sometimes it feels like an inconvenience, however, your daily compliments make everything worthwhile!! THANK YOU 😊 We still have some upcoming projects planned, so if you can continue your patience that would be greatly appreciated!

Stay Cool,
