LONELY...

Then he said to them, "My soul is overwhelmed with sorrow to the point of death. Stay here and keep watch with me." Matthew 26:38 (NIV)

Being lonely is not the same as being alone. We can be alone without feeling lonely; and we can feel lonely in a big, noisy crowd. When we are lonely, we feel sad and depressed, and our health suffers. And this happens to any of us at any age. We feel misunderstood and we wonder what is wrong with us.

Nothing. God made us that way. We want love and acceptance, friendship and companionship. We want conversation and shared activities. The older we get, the more we miss friends no longer with us.

It helps to remember that Jesus felt the pain of loneliness. In Gethsemane he begged three disciples to join him in prayer. And they slept!

When you are lonely, Jesus understands. He can be with you to comfort and reassure you, to share your concern. Pray, read favorite Bible passages and devotional material. Listen to favorite hymns. He will be with you!

An Irish Blessing

May the road rise up to meet you
May the wind be always at your back
May the sun shine warm upon your face
May the rain fall soft upon your fields
And until we meet again
May God hold you in the palm of his hand

Note from the Manager...

The weather seems to be warming up lately!! Let's keep our fingers crossed. I am very excited for spring to get here so everyone can enjoy our outside sitting areas.

The parking lot is getting a *slight* make-over. You will see some changes starting Monday March 4th. There will be some new signs and parking spots for your guests and family members. Please be patient and cooperative during this transition. The *three* thirty-minute visitor parking spots will be moved to the fourth row. We are adding two *handicapped* visitor spots in front of the flag pole. **PLEASE** tell your guests/family about these changes. We have 17 open spots for **any** residents to park in, they are located in the last row, and marked with signs saying "RESIDENT PARKING ONLY". Please see the office if you have any questions.

We have had many fire alarm calls lately. Please do **not** cook if you are not physically at home. Besides being dangerous, the food tends to ALWAYS burn and cause the fire alarm to be triggered. Then the apartments are evacuated and the fire department is not happy when they arrive to see burnt pork and no one home. Please please be more diligent and let's eliminate fire calls because of cooking issues. Be aware and alert when cooking. Stay home while cooking. You have new stoves and they reach temperature quickly.

Welcome KEN CLIFFORD to the newsletter!! The president of the Tenants Association will be contributing to our monthly newsletter. This is a wonderful way for you to stay updated your association! ☺

Lastly, please be patient while we renovate the lounge kitchen. It is important to give the contractors the room they need to finish the project within the time allotted. Please be respectful of the work area and do not enter until we unveil the kitchen. Trust me, your patience and cooperation will be well worth it! It is going to be spectacular!

As always, if you need anything, please come visit me any time!! ☺
