SPRING FORWARD...

Don't forget to change your clocks on March 12th...it's Daylight Savings Time! I must admit, I hate the process, but it's just another reminder that our life is full of changes.

Change is hard. You remember when you moved here. You probably had to downsize. Moving is stressful, but downsizing is over the top stress! You might still be looking for something that is buried in a box somewhere in the closet. Of course, that change is minor compared to your body not working the way it use to.

Living this life, whether we like it or not, involves change. Relationships change. Locations change. Our bodies change. We change. Life is change. Nothing lasts forever!

Well, nothing...except God. Not only does God stay the same, but so does his love for us. Since he does not change & is faithful to all generations (Psalm 119:90), you can trust him to carry you through whatever changes you face today. Let those changes motivate you to draw closer to him and to his world. Let him be your refuge, your comfort and your strength.

LIFE BIO

Your Voice Your Story

YOU are unique. Your life is a collection of many people, places & adventures you have experienced. Only you can share a lifetime of wisdom. Only you can create a lasting record for generations to come!

LIFE BIO is an 8-10 week life story class led by Chaplain Clark that is designed to help each of us to capture and share memories & turn them into our own written life stories. The course will encourage us to reminisce on memories of childhood, friends, vacations, holidays, etc. There are many studies demonstrating that reminiscence is a key part of healthy aging, decreasing depression, lowering physical pain and reducing loneliness.

If you're interested in learning more and/or participating in Life Bio, please complete the corresponding slip and return to Pastor Clark's office underneath his door.
