# From the Chaplain

## JUST IMAGINE...

Imagine that you had won the following prize in a contest: Each morning your bank would

deposit \$86,400.00 in your private account for your use. However, this prize has rules: 1. Whatever you didn't spend in a day would be taken from you. 2. No transfer of money to another account. 3. It must be spent by only you. 4. The bank can end the game at any time and close the account.

So... what would you do with all the money in your bank account? Would you buy anything and everything you've ever wanted? Not only for yourself, but for all people you love? Even for people you don't know, because you couldn't possibly spend it all on yourself? IF you were smart – you would try to spend every cent, and use it all, right?

**THIS GAME IS REALITY!!** Each of us is in possession of such a "magical" bank. We just can't seem to see it. **THE MAGICAL BANK IS TIME!** Each morning when we wake up, we receive 86,400 seconds as a gift of life – and when we go to sleep at night, any remaining time is NOT credited to us. What we haven't lived up that day is forever lost. Yesterday is forever gone. Each morning the account is refilled, but the bank can dissolve your account at any time ... **WITHOUT WARNING.**

So... what are you doing with your 86,400 seconds that are deposited in your "time bank" each morning? Are you spending it all on yourself? Spending it with others? Using it to serve others? What would God have to say about the way you use your time? 86,400 seconds. Aren't they worth so much more than the same amount in dollars?

*Blessings, Pastor Clark*

## HEAVEN IS FOR REAL- DVD

**Wednesday, September 11<sup>th</sup> at 2 pm in the Community Room.**

*Heaven Is for Real* is the true story of the four-year old son of a small town Nebraska pastor who during emergency surgery slips from consciousness and enters heaven. He survives and begins talking about being able to look down and see the doctor operating and his dad praying in the waiting room. The family didn't know what to believe but soon the evidence was clear.

***"Best movie ever!" "I've seen the movie twice!" "This movie speaks volumes in only a short 1 hour and 39 minutes.!" "Wow! An A++++"***
